By-law to Adopt Emergency Plan

Introduction

The Emergency Plan for the Township of Front of Yonge has been developed to reflect the public safety requirements of our community. The effective use and maintenance of this plan is reliant upon all concerned being aware of its provisions and prepared to fulfill their roles and responsibilities in the event of an emergency. Responsible individuals, are expected to participate in emergency training, and exercises which will assist them in the fulfillment of their roles accordingly.

The heads of departments and agencies are expected to develop their own internal notification lists, procedures and contingency plans to fulfill their departmental or agency responsibilities.

Together we work to ensure that our community is prepared to respond to an emergency in the most effective manner possible.

Aim

The Aim of this plan is to protect the health, safety, welfare and property of our citizens, from the effects of a natural, technological or human caused emergency.

Authority

This Plan has been developed and will be implemented in accordance with the Emergency Management and Civil Protection Act, detailed in Appendix “D”, which is the Provincial statute under which all emergency management activities are conducted in the Province of Ontario.

4.(1) The head of council of a municipality may declare that an emergency exists in the municipality or in any part thereof and may take such action and make such orders as he or she considers necessary and are not contrary to law to implement the emergency plan of the municipality and to protect property and the health, safety and welfare of the inhabitants of the emergency area. R.S.O. 1990, c. E.9, s. 4 (1).

This Emergency Plan and its elements has been issued under the authority of The Township of Front of Yonge By-law No. 21-09. A copy of the By-law is available for inspection at the Municipal Offices.

Definition of an Emergency

1.0 “An emergency means a situation or an impending situation caused by the forces of nature, an accident, an intentional act or otherwise that constitutes a danger of major proportions to life or property.”

Action Prior to Declaration

When an emergency exists but has not yet been declared to exist, community employees may take such action(s) under this emergency response plan as may be required to protect property and the health, safety and welfare of the citizens of the Township of Front of Yonge.

Requests for Outside Assistance

Assistance may be requested from the United Counties of Leeds & Grenville at any time by contacting the County Warden or the County CAO. The request shall NOT be deemed to be a request that the County assume authority and control of the emergency.

Assistance may also be requested from the Province of Ontario at any time without any loss of control or authority. Any request for assistance should be made by contacting Emergency Management Ontario.

The Emergency Notification Contact List, including contact numbers for requesting assistance, is contained within **Appendix A**.

Freedom of Information and Protection of Privacy

Any personal information collected under the authority of this Plan shall be used solely for the purpose of planning, preparing and conducting response to emergencies as defined with the Emergency Management Act, and the release of information under this Plan shall be made in conformity with the Municipal Freedom of Information and Protection of Privacy Act.

Plan Maintenance

The Plan was written in 2004 and it is essential that it be kept current and viable by adherence to a maintenance schedule. Responsibility for the plan being kept up to date rests with the Community Emergency Management Coordinator who may delegate tasks accordingly.

The emergency telephone numbers will be reviewed on an annual basis.

The notification system will be tested annually.

The plan will be exercised once every year as a minimum requirement.

The Control Group and Support Staff shall receive training and participate in an exercise, once every year as a minimum requirement.

The Vital Services and/or Local Services Directory should be updated annually.

The Community Emergency Management Coordinator will determine the schedule under which the maintenance activities will be performed.

The Community Emergency Management Coordinator may update, correct or amend any information contained within the appendices of this emergency plan on an as required basis.

(* = complete copy of plan with Annexes)

It is understood that Community Control Group members are not expected to carry a copy of the Township of Front of Yonge Emergency Response Plan with them at all times. Complete copies of the Towns Emergency Response Plan including appendices will be used primarily for training or Emergency response. Since the nature of an Emergency notification normally requires an immediate response to the Municipal EOC, therefore complete copies, including all appendices, will be kept at the Emergency Operations Centre for issue during training or an actual municipal emergency. Every member of the primary Community Control Group, along with Council, will be issued a copy of the main body of the Emergency Plan.

Part 2 Emergency Operations and Procedures

2.0

Community Control Group (CCG) – Responsibilities and Procedures
--

The Community Control Group is the group which is responsible for the direction and control of the overall emergency response within the community. The CCG ensures the provision of the essential services necessary to minimize the effects of an emergency on the community.

The CCG is made up of the following members;

Mayor (*or alternate*)
Public Information Officer
Clerk (*or alternate*)
OPP representative
Fire Chief (*or alternate*)
EMS/Ambulance
Public Works Director (*or alternate*)
CEMC (*or alternate*)
Medical Officer of Health (*or alternate*)
Director of Social Services (*or alternate*)
Treasurer

IMPLEMENTATION:

Any member of the Community Control Group may request, through the Clerk, that the Emergency Plan be implemented.

It is the responsibility of the agency that is first at the scene of an emergency to decide whether the emergency plan should be implemented. If the size or seriousness of the emergency is beyond the capability or responsibility of that agency, then the Emergency Plan will be activated. The Emergency Plan may be implemented in whole, or in part, based on conditions at the site or severity of the situation.

The Clerk will immediately ensure all members of the CCG are contacted. Notification lists and procedures are located in Appendix A.

- g. Pass CCG decisions on to member's agencies/areas of responsibility.
- h. Continue participation in the EOC Operations Cycle.

Upon leaving the EOC, each Community Control Group member will;

- a. Conduct a hand over with the person relieving them.
- b. Sign out on the location board indicating where they can be reached.

Once the initial response is established, routines are put into place by the Operations Officer. The CCG functions most efficiently on a system known as an Operations Cycle.

2.2 **Operations Cycle**

An operations cycle is how the Community Control Group manages overall emergency operations. Community Control Group members will come together usually around a planning board or map at which time they will in turn report their agencies' status to the Reeve and Operations Officer. It is essential that every member, covering each area of responsibility, be heard from during this process. The Community Control Group is a team, and the actions taken by one, or the lack of action by one, may have a significant impact upon operations.

The round table discussion should include problems, questions, resources requests and any other relevant information so that timely informed decisions can be made as a group. Once the meeting is completed, the members should contact their agencies' and pass on any relevant information or directives that come out of the Control Group meeting. The frequency of the meetings is determined by the Operations Officer in conjunction with the Reeve, but should reflect the pace of the emergency and occur on a scheduled basis which may be adjusted accordingly.

During the period after the meeting and dissemination of information, members will be in the process of gathering information and preparing for the next scheduled meeting. The Community Control Group members use this time to follow up and ensure that Control Group decisions are being implemented. Each member is responsible for informing their respective agency of the schedule for CCG meetings. No calls are supposed to interrupt the proceedings. All calls must occur prior to or after the formal meetings of the Community Control Group.

It is essential that the Emergency Operations Centre is comfortable, has good communications and is secure from unnecessary distractions. Only Community Control Group members, and support

staff should have access to the Emergency Operations Centre. No media are allowed into the Emergency Operations Centre, nor is anyone who has not been authorized by the Operations Officer.

2.3 **Community Control Group (CCG)**

The CCG is responsible for the following:

1. Implementing the Emergency Plan in whole or in part to respond to an impending, potential, or existing emergency.
2. Coordination and direction of Community resources used to mitigate the effects of an emergency.
