

# FINAL

Community Development Committee Meeting  
Front of Yonge Township Hall

May 24, 2018

In attendance: Council: Richard Marcoux  
Residents: Elaine Covey, Jon Geertsema, Nathan Driver, Margaret Fancy  
Regrets: Jeff Poole, Elaine Covey  
Guests: Roger Haley

## Approval of Agenda

Moved by Jon and seconded by Nathan that the agenda be approved. Carried.

## Approval of Minutes

Moved by Jon and seconded by Nathan that the minutes of the April 2018 meeting be approved as circulated. Carried.

## Unfinished Business

a) **Mallorytown Country Market:** Nathan Driver provided a sample of the newly printed rack cards for the members to review. They will be made available at the Legion, Purcell's Store, and all the campgrounds, as well as other locations.

Nathan is still recruiting new vendors and is trying to get someone to provide food. Currently 15 vendors although they don't all show up every weekend.

Richard spoke with the Health Unit, if we have 50% or better of vendors selling food no inspection is required. Less than 50 % requires an inspection or proof that they are using inspected kitchens for food prep.

Elaine spoke about entertainment costs and CDC staffing assignments.

Richard said the signs were on order and was trying to negotiate for 100 but may only be 50 to stay within budget.

b) **Revitalization Grant:** The list is complete and to be submitted to Council for approval. No items have been rejected but some have been moved to a future phase of the program. If no addition government funding is forthcoming these items may be budgeted for in the annual township budget.

c) **1000 Islands Parkway Challenge:** Richard reported that FOY has plenty of volunteers but LTI is still looking for help.

Margaret will look to see if she can get some Gord Brown last election signs that could be put at the station to honour his memory and support of volunteer efforts.

## **New Business**

- a) **Teeny Tiny Summit.** Margaret will attend and give us a report following. Everyone who has attended one of these sessions in the past has been very impressed.

**Question from the audience:** Looking for design drawing of the recycling bins proposed for the revitalization grant. A copy was provided.

## **Next Meeting**

The next meeting will be held on July 26th at 7 pm.

**Adjournment:** The meeting was adjourned at approximately 7:35 pm.
